# MESSAGE FROM THE PRESIDENT

Jeffrey Bienstock, MD

I welcome each of you today to our Health & Hope Celebration.

I appreciate each of our attendees, sponsors, donors, and volunteers giving up a Sunday afternoon spent with your favorite sports team and celebrating with Healing the Children New Jersey as we have the opportunity to be together once again as a group.

By providing access to quality medical care through our three unique programs: Medical Teams Abroad, International Inbound and Domestic Aid, we are changing lives.

Let's face it, the last four-and-a-half years have been very difficult for everyone. The COVID Pandemic changed the way we live as a society. HTCNJ was unable to travel abroad for almost three years, and our fundraising opportunities diminished drastically. During this time, HTCNJ was able to pivot and persevere through some very challenging emotional and financial times.

We have now started to focus once again on our Medical Teams Abroad Program. We visited La Romana, Dominican Republic in October, 2023 and again in September, 2024, as well as Arequipa, Peru in April, 2024. In addition, we have two trips planned for early 2025; Santo Domingo, Dominican Republic and Arequipa, Peru.

As you are aware, HTCNJ is supported completely by your donations and today you came to celebrate with us. I want to thank Tricia McNamara, our Executive Director, as well as Denise Malsky and Tiffany Patino, our office staff for helping with our celebration today and for continuing our mission to provide access to quality medical care and related services to children in need around the world.

I want to extend heartfelt congratulations to the honorees, all of whom are long-time volunteers and supporters of HTCNJ.

Thank you for your support and for joining us this afternoon.

Dr. J. Mark Engel, M.D. and Isabel Kentengian, PhD

congratulates

Don Connell, CRNA & Peggy Connell, RN  
Debra Dunn, RN, CNOR  
for their hard work and dedication.

Thanks to Healing the Children  
for being an amazing organization and  
making such a difference in the lives  
of so many children around the world.

# JHANSI CHOWDARY NURSE OF THE YEAR AWARD

The Jhansi Chowdary Nurse of the Year Award was established by Dr. Raj Chowdary in tribute to his wife Jhansi. The award recognizes a nurse annually who has consistently donated their time and talents on pediatric medical missions around the world through Healing the Children New Jersey's Medical Teams Abroad Program.

The recipient will receive the award and a gift in the amount of five hundred dollars in recognition of his/her service to HTCNJ.

These nurses, who share HTCNJ's vision of providing health and hope to children in developing countries, are among the finest. Through the Jhansi Chowdary Nurse of the Year Award we honor their altruism, dedication, and skills while working alongside the doctors on medical missions.

We recognize that in addition to the medical care they provide, they give comfort, support and encouragement to their small patients and families. While their days are long and the work hard, they demonstrate an untiring willingness to serve wherever needed and help as many children as possible.

# DEBRA DUNN, RN, CNOR

Recipient of the Jhansi Chowdary Nurse of the Year Award

Debby went on her first trip with Healing the Children New Jersey in 2009 to La Romana, Dominican Republic. Since then, she has volunteered on a total of 14 surgical mission trips to the Dominican Republic, Peru, and Ecuador providing life-changing medical care to children in various specialties including ENT, Urology, and Ophthalmology. Debby is a valuable and dedicated operating room nurse. Detail oriented and thorough in her approach, she has also served as a Trip Administrator. An integral part of HTCNJ, Debby serves on the Board of Trustees as our Vice President and is the Director of Supplies and Equipment for our Medical Teams Abroad Program.

Healing the Children New Jersey is beyond grateful for the time, passion, and service that Debby devotes to our mission and program.

# SUE TIGER MEMORIAL AWARD

The Sue Tiger Memorial Award is presented to an individual who has been an outstanding volunteer with Healing the Children New Jersey's Medical Teams Abroad Program. The recipient may be a doctor, administrator or volunteer working behind the scenes to support the medical mission. The honor is given to a humanitarian who donates their time and talents to help impoverished children in developing countries receive free surgical care.

Sue Tiger dedicated her life to healing children. She began her work with HTCNJ in 1984 when she and her husband Jim became host parents to children brought to the United States for donated, life-changing medical care. She was later appointed to the Board of Trustees.

In 1988, Sue established and directed the Medical Teams Abroad Program. Her leadership, compassion, and vision helped hundreds of children from developing countries receive donated medical care. In 1992, Governor Jim Florio acknowledged Sue's exceptional dedication, presenting her with the Governor's Volunteer Award. Although Sue passed away in 1995, her love for children and legacy endures.

# DON CONNELL, CRNA & PEGGY CONNELL, RN

## Recipients of the Sue Tiger Memorial Award

A dedicated team that work seamlessly together, Peggy and Don went on their first trip with Healing the Children New Jersey in 2006 to Azua, Dominican Republic. Peggy is a valued Operating Room Nurse, and Don is a CRNA and valued member of our anesthesia team. Don has volunteered on 17 medical mission trips and Peggy on 16 to the Dominican Republic, Thailand, Vietnam, Ecuador, and Peru in various specialties including Orthopedic, ENT, Ophthalmology, and Plastic and Reconstructive Surgery.

Peggy and Don were honored with the Jhansi Chowdary Nurse of the Year Award in 2015. Having served on our Board of Trustees, Don continues to devote his time to HTCNJ as our Co-Director of Anesthesia for our Medical Teams Abroad Program.

Healing the Children New Jersey is pleased to honor both Peggy and Don, as are their team members and colleagues who value their companionship and expertise on our mission trips.

## PARTNERSHIP IN CARING AWARD

**Healing  
the  
Children®**  
NEW JERSEY, INC.

The Partnership in Caring Award is presented on occasion as directed by the Healing the Children New Jersey Board of Trustees.

This award is designed to recognize an individual or organization whose collaboration with HTCNJ has been extraordinary and has enabled us to transform the lives of children in need.

**J. MARK ENGEL, MD**  
**&**  
**ISABEL KENTENGIAN, PhD**

Recipients of the Partnership in Caring Award

Isabel and Mark have dedicated their lives to improving the lives of others. Mark went on his first medical trip with Healing the Children New Jersey in 1997 to the Dominican Republic. Leading our Ophthalmology trips as a valued surgeon and Trip Chief, Mark has volunteered on 23 surgical mission trips with HTCNJ to the Dominican Republic, Honduras, Ecuador, Bolivia, and Peru.

Isabel went on her first medical trip with Healing the Children New Jersey in 1999 to the Dominican Republic. Since then, she has volunteered on a total of 16 medical missions to Dominican Republic, Ecuador, Thailand, Bolivia, and Peru in various specialties including Ophthalmology, Plastic and Reconstructive Surgery, and ENT. With her exceptional organizational skills, dedication to helping children, and awareness of local cultures and customs, Isabel has been a devoted Trip Administrator and Assistant Trip Administrator on our trips.

Mark was the recipient of the Sue Tiger Award in 2004 and Isabel was the recipient of the Sue Tiger Award in 2008.

Mark serves as a valued member of our Board of Trustees.

Healing the Children New Jersey would like to thank Isabel and Mark for their dedicated service.

Arequipa, Peru - April 2024

La Romana, Dominican Republic—September 2024

# MEDICAL TEAMS ABROAD PROGRAM

HTCNJ envisions a world where every child has access to quality medical care and the opportunity for a brighter future. Through our Medical Teams Abroad Program and our partnerships with clinics and hospitals in developing countries we provide free surgical care in five specialties: Plastic & Reconstructive, ENT, Orthopedic, Urology, and Ophthalmology. Since our first trip to Tamazunchale, Mexico in 1988, we have relied on teams of dedicated medical volunteers to help us provide these life-changing surgeries to young children that otherwise would not receive care. Teams of 20+ medical professionals, many meeting for the first time, travel to share their time and talents with underserved children. As we believe that all children deserve access to the highest quality medical care, our teams carry with them all the surgical instruments, supplies, and medications to support a week of surgeries. Donated medical supplies, grants, and sponsorships make each mission possible. In the months leading up to each trip, our dedicated volunteers ensure each trip is a success. Debra Dunn, works with the medical team to ensure supplies are gathered and packed. Don Connell and Joe D'Amico ensure our anesthesia supplies are coordinated and packed.

# BRIGHTER FUTURES NJ DOMESTIC AID PROGRAM

Creating brighter futures for children in our local communities often begins by granting a simple wish. Providing therapy toys, a piece of medical equipment, or the opportunity for a child to attend a camp or class adapted to their individual needs, can be life-changing for a young child and their family. With the support of our friends, donors, Foundation and Corporate partners, HTCNJ is able to help over 85 children each year born with complex medical diagnoses.

Serving children and families in all 21 New Jersey counties, referrals to our program are made by school nurses, medical providers, social workers, County Offices of Special Child Health Services, and non-profit organizations.

# INTERNATIONAL INBOUND PROGRAM

Sergio, one special child from Guatemala, was the inspiration for our International Inbound Program. In 1981 Sergio was brought to the U.S. to receive medical treatment. Inspired by his difficult journey, Evelyn Dudziec, a resident of New Jersey, launched the New Jersey Chapter of Healing the Children and served as Executive Director for 26 years.

HTCNJ has brought hundreds of children to New Jersey to receive medical care. As with our Medical Teams Abroad Program, local doctors donate their time, expertise, and services so that these children can receive the highest quality of care. Hospitals donate their services and local families are found to host these children in their homes. Any child with a diagnosis that requires surgical treatment not available in his/her own country may be eligible for our International Inbound Program. The extraordinary relationship that the children form with their volunteer host families makes this program unique and rewarding. Since there is no shortage of children in need of medical care, HTCNJ is always seeking new volunteer host families.

# CONGRATULATIONS
