

NEWS BLAST FROM HTCNJ!

**Healing
the
Children®**
NEW JERSEY, INC.

Guayaquil, Ecuador
June 7 - 14, 2014

Healing the Children New Jersey and Berkeley College partnered to send a Urology team to Guayaquil Ecuador in June of 2014. Dr. Richard Schlussel, Pediatric Urologist, led a team of 14 volunteers to work at the Hospital de Nino's Roberto Gilbert in Guayaquil. In one week, our team screened 41 children, and provided surgery for 22 children. As one team member summed up the trip: "It was exhausting but very rewarding. Everyone was a great pleasure to work with. One of the best teams ever!"

Through our Domestic Aid program, HTCNJ recently provided assistance for a new hearing aid for Steven, age 9, from Middlesex County!

Aasim, age 4, received a new stroller through HTCNJ. His mother sent a note: "I am so excited that Aasim will finally have the stroller he needs. I am so very grateful for all of your assistance."

HTCNJ and the Alectoridis Family Welcome Daniel!
Daniel arrived from the Dominican Republic this month. He will be receiving donated medical care for treatment of a lymphatic malformation of his chest. HTCNJ continues to be grateful to the doctors, hospitals and medical personnel who generously donate their services to children in need.

Upcoming trips include:
Peru, the Dominican Republic and Paraguay!

We need your help to continue providing assistance to local children in New Jersey!!

Additional children will be traveling to the U.S. this year from Kazakhstan, Peru, Kenya and Ecuador!

New host families are always needed. Please contact HTCNJ if you are interested in learning more!
